Get Involved with GADP

There are lots of different ways that you can support us.

Ways to support us

We are currently seeking individual fundraisers and corporate sponsors to support our ongoing partnerships in Zambia and Ethiopia.

Our board of trustees is always keen to include motivated supporters. At present we have space for someone with an interest and skill set to support the fundraising side of our work.

Please email us: info@gadpartnerships.com if you are interested in finding out more about these opportunities.

SAFE SURGERY

ARE YOU IN IT FOR THE LONG RUN?

***CHANGE DOESN'T HAPPEN OVERNIGHT.
CAN YOU COMMIT TO A SMALL
MONTHLY DONATION
TO SUPPORT SAFER SURGERY
IN ZAMBIA, ETHIOPIA AND BEYOND?***

Become a FRIEND OF GADP

In 2022, GADP developed the option to be a “Friend of GADP”, in response to requests from supporters to get more involved with the charity’s work, to hear more partnership news, and to support the charity with a regular donation. Friends of GADP can choose to offer more practical support to the charity (for example with fundraising, social media and communications),

and importantly can commit to a monthly donation, which will support the work of the charity. In return, Friends will receive a newsletter every three months, which will contain reports, photos and stories from both GADP's Zambian and Ethiopian partnerships.

We hope that the Friends of GADP initiative will help our supporters feel more involved in and informed about our work, and crucially will generate a predictable monthly income for the charity, which is so essential to ensure our partnership work can continue.

Fundraise For Us

GADP is a not-for-profit charity. Our work is not possible without the generosity of others. We rely on winning grants and fundraising contributions to provide the resources needed to deliver our programs of work.

Low quality surgical and anaesthetic care is responsible for significant amount of avoidable death and disability worldwide. By supporting us you are contributing to the education and training of a generation of doctors to give safe anaesthesia – doctors who will be expert educators for the next generation; who will be empowered to engage with management so their patients may access the safest drugs, equipment and receive the highest standard of peri-operative care.

Our current fundraising call is focusing on supporting our partners with ongoing in-country and remote educational and wellbeing support.

We are so grateful to all those who fundraise for us. Please share your fundraising stories with us so we can be by your side on your fundraising journey. Tag us!
